The Governor remitted the State's part of the fine of \$600 imposed on Sarah Smith, in Knott county, upon conviction of selling liquor without license. The remission was upon the condition that the Commonwealth and the County Attorneys and the clerk of the court remitted

Tompkinsville, Ky., May 19.—Mary Strode, the thirteen-year-old daughter of Mr. and Mrs. Bertie Strode, is probably the youngest child in America who is using a full set of artificial teeth.

This little girl has been toothless since her birth. She has never been able to eat anything which required mastication.

A friend of the family conceived idea of making the little girl a set of teeth and aided by securing a perfect impression of the mouth the teeth were a great success.

The artificial teeth add much to the little girl's beauty and since becoming familiar with them she

refuses to do without them a moment and for the first time in her life can enjoy a meal as well as her parents.

The cause of the child being toothless is not known and is the first case on record where a child lived to be thirteen years of age without any teeth. Physicians have no knowledge where a full set of teeth was ever made for one so young as this little girl.

## After La Grippe

"I had suffered several weeks with LaGrippe. Had pains in my head and eyes. It felt as though there was a heavy weight on the top of my head, until it seemed that my brain would burst. I was so nervous that I could not rest or sleep. When I dozed off I would awake with a sudden jerking of my whole body. Dr. Miles' Nervine, Heart Remedy and Nerve and Liver Pills cured me. A number of friends have since realized the same benefits."

MRS. ALVIN H. LOCKS, Seabrook, N. H.  
The after effects of LaGrippe are often more serious than the disease, as it leaves the system in a weakened condition that invites more serious troubles, such as pneumonia, etc.

Dr. Miles' Restorative Nervine should be taken for some time to thoroughly restore nerve strength.  
Miles' Nervine is sold by all druggists. If the first bottle does not benefit, a full bottle will return your money.
